Ask about vehicles in natural language — I'll search a ~150-car dataset and explain my recommendations.

mahindra cars

I recommend the Mahindra Bolero. It starts at Rs 8.12 Lakh and suits your need for 7 seats with diesel efficiency. The Mahindra Thar starts at Rs 10 Lakh but has fewer seats and lower fuel efficiency, while the Mahindra XUV300 starts at Rs 7.95 Lakh but only offers 5 seats and a smaller boot space.

under 15 l

I recommend the Mahindra Marazzo. It starts at Rs 11.64 Lakh and offers the best mileage at 18 kmpl, which suits your need for fuel efficiency. The Mahindra Scorpio starts at Rs 11.98 Lakh but has slightly lower mileage (16 kmpl), while the Mahindra XUV500 starts at Rs 13.8 Lakh with a higher price point and less practical boot space than the Marazzo's 190 L.
